From the Principal's Desk

“Education is the most powerful weapon which you can use to change the world”

— Nelson Mandela

Heartiest greetings !!

Dr. YS Parmar PG College Nahan since inception envisioned a dream of imparting quality education and equal opportunities to students from the most remote corners of the district. In a span of six decades, the college has nurtured the dreams and aspirations of students who have proved their mettle in various walks of life not only in the state but also at national and international level. The institution believes that to foster the all-round development of students, a conducive environment is a prerequisite for it. Our erudite teaching staff is always ready to carry out all the responsibilities required to shape the future of their students. The non-teaching staff is also dedicated to resolve the various issues of the students in college. Every institution needs to keep up with the times to act as a facilitator in bringing positive change in the society. For that, we provide students with well-equipped smart classrooms, labs, gym facilities as well as an updated library. We also seek to create a safe and healthy environment for the students in college wherein they can freely participate in curricular and co-curricular activities without any inhibitions. Students are encouraged to participate in not only state and national level events but also other activities that are organised by NSS, NCC, R & R and various other clubs and cells in the college.

Mae Jemison who is the first African American woman astronaut in space said that, “Don’t let anyone rob you of your imagination, creativity, or curiosity. It’s your place in the world; it’s your life. Go on and do all you can with it, and make it the life you want to live.” One can make efforts to provide students with the best infrastructural facilities and skilled manpower in college, however it’s also true that no success can be achieved without instilling ideas of honesty, integrity and hard work in students to achieve their goals in life. I hope that students who are at the threshold of new beginnings take inspiration from these words and work hard to reach the pinnacle of success in their future endeavours. let us hold our hands to work for creating responsible citizens, skilled and learned professionals who will play an integral role in creating a new transformed society. With blessings and best wishes
